you're going to need clothes, and if you're the sane, sensible man we think you are—you're going to consider this one plain question:

"Where can I get most style, most wear, most satisfaction, in clothing—at the least cost?"

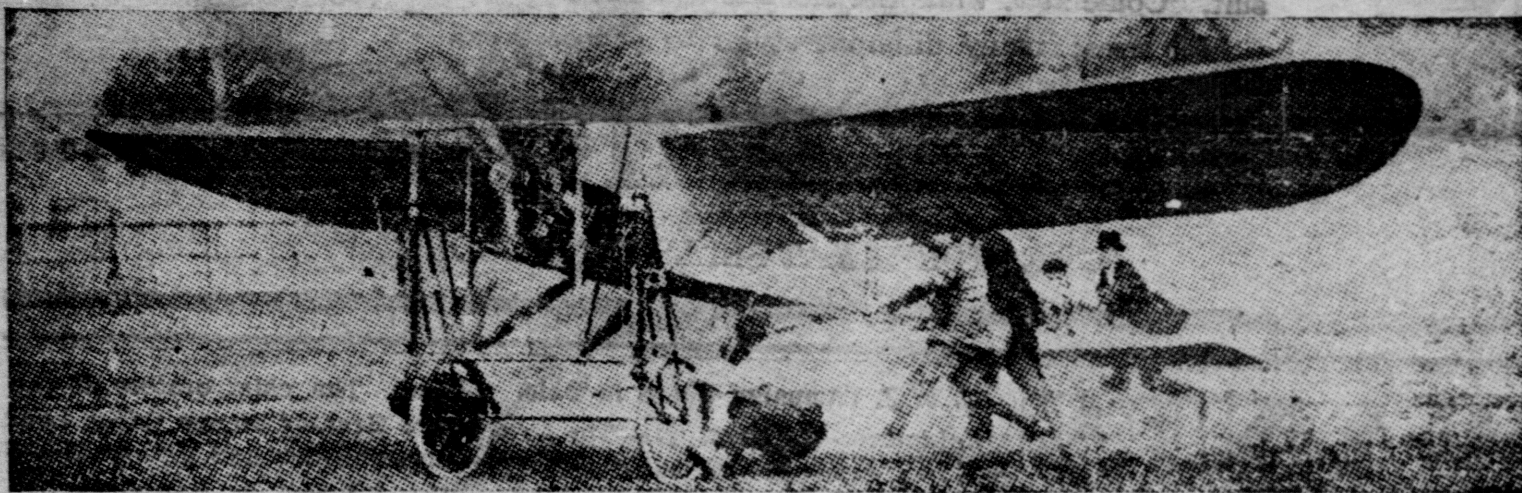

Everybody claims to give most for least. This time we're not going to. We simply say, "Grant us the favor of a few minutes of your time, so that we can show you what we have and actually demonstrate what we think." Come in at any time and try on some of our suits and see how nice they fit, you are under no obligations to buy.

## WONDERFUL MONOPLANE FLIGHTS AT OKLAHOMA STATE FAIR EVERY DAY

Just before the signal "Let Go!" It needs nine strong men to hold this 50-horsepower machine.

Thrilling monoplane flights will be part of the daily program of the Oklahoma State Fair and Exposition, Oklahoma City, September 24 to October 5. Harold Kantner, one of the most daring of all the great aviators, and the Moisant monoplane will make history twice each day while the big fair is in progress.

This is the most expensive free act obtained for the Oklahoma State Fair and Exposition since its organization six years ago. While the State Fair had to put up a lot of money to get the flying machines, the Moisant people on the other hand, guarantee to send monoplanes of the latest type and their most daring bird man.

Kantner and his machines will be on the grounds during the entire twelve days of the State Fair and Exposition and under the terms of the contract he must positively fly twice each day. There will probably be a flight every morning and another in the afternoon. The program will consist of altitude flights, duration flights, distance flights, cross-city and cross-country flights and all sorts of fancy maneuvering in the air. Officers of the fair may allow Kantner to carry passengers with him on some trips.

That the 50 horsepower Moisant monoplane is quite equal to the best machines in the world is shown indisputably by the fact that such crack fliers as Kantner, Garos, Simon, Barrier, Audemars, Johnstone and Houper have used these machines in preference to all others. Directors of the Oklahoma State Fair and Exposition selected the Moisant only after careful consideration of proposals from half a dozen of the biggest concerns in the world.

### Mr. Weaver Ill

Mr. Otis Weaver after a few days detention to his bed continues rather ill with unrelieved fever. Mr. Weaver keenly regrets his loss of the pleasure and education of the fair; and regrets his inability to have been of more service to the fair committees, especially in a personal way.—Shawnee News-Herald.

### BROTHER OF MRS. TOM RYE KILLED.

The officials of Ada, Okla., are making an effort to locate Miss Dollie Yosselt of Ada, who is visiting in Oklahoma City, to notify her of the death of her brother which occurred early Friday morning at Port Arthur, La. Miss Yosselt is visiting somewhere in Oklahoma City, but her exact whereabouts is unknown. According to the information received by the Ada police her brother was shot and died from the injuries he received. None of the details were given in the telegram announcing his death. His body has been ordered shipped to Ada for burial.—Oklahoman.

The man above referred to was a brother of Mrs. Tom Rye, but further than that the reporter was unable to learn much. It was stated, however, that the burial would take place where the death occurred.

### FARMERS' CO-OPERATIVE GIN BEGINS OPERATIONS.

This afternoon the new gin began operations and it is expected that it will have a good run the remainder of the season. All five gins are now running and the crop is coming in at a rate that keeps them going almost full capacity.

Rags Wanted.—Will pay 2 cents per pound for large clean cotton rags. News office.

### ADA BASEBALL MAN MAKES HIT AS SONG WRITER.

According to the editor of the Baseball Magazine, there is but one song writer in the baseball profession—Geo. Moriarity, the infielder for Detroit. However, he will now have to revise his statement, for another has appeared in the person of John H. Kaiser of Ada, who has become well known as one of the best league players in Oklahoma. He has just put on the market two songs which bid fair to make great hits all over our fandom. The first is "The Big League Chief," and the other "Isle of Honeymoon." The young man merits success and the News congratulates him on his efforts. A representative of the News heard the productions this morning and knows they are O. K.

## MRS. LOVE ON THE WITNESS STAND

Antlers, Okla., Sept. 20.—Mrs. R. D. Love, to star witness in the Love-Rucker murder case, took the stand at 9 o'clock Friday morning. She is a beautiful woman, with a superb dignity. She was examined in chief by W. A. Ledbetter and gave a detailed account of how she first met Dr. Rucker at his drug store; how he called at their home when Dr. Love was away and the boy was at school; of how she went to Oklahoma City during the state fair and both occupied the same room at a hotel. Proceeding, she said she had met him in the yard of their home at night while Dr. Love was in the house; that he visited her in the Aiken hospital while she was a patient there and of how he took her from the hospital to a private room in a rooming-house.

On all these occasions, the witness said, there were illicit relations between them. When Attorney Dudley for the defense began reading the twenty-eight letters that Dr. Rucker had sent to her the witness asked Senator Stewart for a glass of water. Before the water reached her, she got up from the witness chair and fell in a swoon into the arms of Corporation Commissioner Jack Love. Dr. Border, of Mangum, picked Mrs. Love up in his arms and carried her to the witness room. By reason of this incident court adjourned.

## COMMERCIAL CLUBS WILL DISCUSS LAND MATTERS

The Ada News:

A call has been issued by the Coalgate Commercial club for a meeting of all Commercial club organizations and railroad passenger agents in Oklahoma on the 25th of this month in Coalgate. The object of the meeting is to agree upon and formulate a co-operative and systematic plan for advertising the sale of the unallotted Indian lands and the segregated coal and asphalt lands in Oklahoma, and to transact other business as may be deemed to the best interest of the entire state. Every Commercial club and town in the state is urged to send from five to fifteen delegates to the meeting. Invitations have been issued to the passenger agents of all railroads entering the state. There are 970,000 acres of unallotted lands and 450,000 acres of segregated coal and asphalt lands in Oklahoma to be sold this fall and winter. The sale of the unallotted lands will begin on November 12th and will continue until December 23rd, and the segregated lands will be sold in January and February.

The entire state is vitally interested in the sale of all the Indian lands, and it is hoped that there will be a large representation from every part of the state at the meeting here next Wednesday. A special invitation is extended to the press.

The colonel boasts of the number of democrats who will flock to his standard. None did in Vermont. And so far as we know none have in Oklahoma, except B. J. Waugh, and he didn't begin to flock until the democrats had squelched his aspirations to run for congress. McAlter News-Capital (Republican).

Choctaw Cotton Oil Company has installed in their gin at Maud, new elevating and cleaning system including cleaner feeders, belt distributor, cotton cleaner, etc., with numerous other repairs, which makes this gin a modern and up to date ginnery in every respect.—Maud Monitor.

It is stated that the H. & T. C. will reinstate the Hustler, which was discontinued some months ago. It is not given out whether the Frisco will do likewise under the arrangement when the train was run last year, but it is believed that such action is probable.

It is a striking testimony to the condition the Republican party finds itself in when it is necessary to use the advertising pages of papers to get its side of the political question before the people, something it never had to do before. The last issue of the Saturday Evening Post contained a page of this character, and now comes the Chicago Ledger with some more dope from the g. o. p. Verily times have changed.

Last evening "Robin Hood" proved a drawing card at the De Sota and it proved everything claimed for it. This evening the features will be "Her Cousin Fred," in which Flo Lawrence and Owen Moore are the stars, and "The Leader of the Band." Both are right up to the high standard of the De Sota.

## ADA SOCIAL EVENTS.

**MRS. MANVILLE ENTERTAINS.**  
When one is so fortunate as to be the invited guest of Mrs. M. F. Manville one is assured a royal time, but when some days ago this delightful hostess called a number of her friends, stating she would be glad to have them meet a friend—a bride-to-be in the near future, all were on the "qui vive."

At the appointed hour Thursday, Sept. 19, 4 p. m. the ladies were greeted by the hostess and ushered into the library where they were requested to write a favorite receipt, these to be bound into a booklet for the honoree.

To the regret of Mrs. Manville, the young lady had been delayed and was expected on the 4 p. m. Katy and should be with her in a few minutes. Ascertaining that the train had arrived, the ladies were arranged in the reception room to meet the expected one. Just when all eyes were riveted on the front door and listening for carriage wheels, a charming vision in yellow crepe meteor came down the stairs and was met in the drawing room door by Mrs. Manville who, taking the young lady by the hand said: "Friends, I take this occasion to announce the engagement of Miss Irene Mason to Mr. Herbert Coor. They will be wedded on the 6th of November, at the young lady's home." Well, it took some of us several minutes to get ourselves together and realize that the "honoree" had arrived. After the guests had wished Miss Mason all happiness, etc., the hostess then opened the dining room doors and invited the guests to a buffet luncheon.

The table was exquisitely adorned with cluny lace, cut glass vases of pink roses, a heart shape salad, a heart shape bride cake, was presided over by Mesdames Higgins, Thornton, Barney, Galbraith, while Mrs. Hart poured tea at a charming tea table, strewn with American beauty roses. Mesdames Chaney, Conn, Creveling, Norris, Mays and Duncan assisted in serving the guests.

There could be no other topic of conversation except the complete surprise our hostess had given us and the approaching wedding of Miss Mason. The young lady had grown from quite a small child to womanhood in our midst, and is a favorite with both matrons and maids, winning all hearts with her bright smile and charming personality. Mr. Cooper when he claims his bride in her, will not only be stealing a fair maiden's heart, but will be stealing one of the fairest daughters Ada has ever boasted, which, last, is the only offense we can hold against this gentleman, who has made a host of friends during his stay in our city.

When the time to go came, we were all of one opinion, that "There is nothing half so sweet in life as love's young dream," and that the hostess had made the guests, who were the closest friends of the bride-to-be whom she would want first to know of her great happiness, very much indebted to her for one of the most delightful afternoons of their lives.

The invited guests were: Mesdames Chaney, Neathery, Higgins, Torbet, Thompson, Mays, Hart, Barney, Hunter, Galbraith, Norris, Thornton, Frierson, Wilson, Creveling, Winters, Smith, Rodarmal, Tobin, Sledge, Morrison, Beck, Hope, Conn, Browall, Bills, Briles, Maddox, Gwyn, Bibs Anderson, Duncan, J. W. King, Lasater, Misses Shands, Sims, Felton and Torbet.

## Mrs. W. D. Hays Entertains

Friday afternoon from 4 to 6, Mrs. W. D. Hays entertained a number of friends at 42. Twelve tables were filled with the players and some interesting games were played. At the close of the games the charming hostess served a delicious two course luncheon.

This evening the Majestic will give as its program a stirring picture "Two Battles." This is one of the greatest pictures of the kind ever staged, over 2,000 people taking part, and appearing in the scenes.

### Mrs. Ross Reception

Wednesday afternoon, from 3 to 6, Mrs. S. P. Ross held a reception in honor of her cousin, Mrs. Sikes, who has been her guest for several days. During this time some fifty or sixty of her friends called and made the acquaintance of her guest.

The receiving line was composed of the hostess and Mesdames Sikes, Miller, Sowers and Ebey. The hostess was aided in entertaining her guests by Mesdames Duncan, Sledge, Winn, Maddox and Kennedy. Punch was served by Misses Ross, Sowers and Sledge. Mrs. Ross is a most charming entertainer and the afternoon was a complete success in every particular.

### ADA JEWS OBSERVE DAY OF ATONEMENT.

All the stores of Ada conducted by members of the Jewish race have been closed today on account of its being Yom Kippur, or day of atonement, the most sacred day of the Jewish religion. All stores will open at 6 this afternoon, however. It requires a great sacrifice for these people to close their places of business on Saturday in the busiest season of the year, but all over the world they live strictly up to the traditions of their race.

See Us Before You Buy Your Coal.

Remember that we only handle the highest grades of coal and pick from the best mines in a district. As the ice business draws to a close, and on account of warm and cool days we wish to keep our ice delivery good and therefore we will sell coal at about cost for a while so that we can keep our men busy. Remember our prices are never any higher for our high grades of coal than others charge for any kind of coal. We load our wagons with a fork which insures coal free from slack, we can use the slack in our boilers, and get some use of it, but for stoves it's worthless, so why not buy the best while it cost you no more and may cost you less. Our leader this year will be the same as we have handled for three years which is No. 6 Dewar. We will also have the highest grade of McAlester in stock. We run our own tests on coal, we don't take the other fellows word for it. All coal that comes to our boiler room is tested for heat units, we give our customers the benefit of this as well as the benefit of our long experience as coal users, we claim to know coal when we see it, in fact we are experts in this line, so please see us before placing your orders and avoid any chance in a disappointment in your winter coal. Yours truly, ADA ICE AND COLD STORAGE CO.

## SUMMER SKIN DISEASES

During the summer most persons are annoyed with pimples, boils, rashes, or eruptions, while others suffer more severely with Eczema, Acne, Tetter, Salt Rheum, or some kindred skin disease. A perfect condition of the skin exists as long as the blood is normal, but when it becomes contaminated with humors and acids its supply of nutritive properties is greatly lessened and it becomes a sharp, acrid fluid which diseases instead of preserving the natural health and texture of the skin. The eruptions may be glossed over and inflammation reduced by the application of washes, cosmetics, salves, etc., but no skin affection can ever be permanently cured in this way; only pure blood can make healthy skin. S. S. S. cures Skin Diseases of every kind by neutralizing the acids and removing the humors from the blood. S. S. S. builds the circulation up to its normal strength, increases its nutritive powers and adds to its purity in every way. Then the skin instead of being irritated with acid humors and impurities, is nourished and healed by a plentiful supply of rich, pure blood. Book on Skin Diseases and any medical advice free.

## A GLIMPSE OF THE U. S. HISTORY

Recently Attempted to Be Perpetrated Upon the High Schools of Oklahoma for a Period of 5 Years.

The book is entitled "American History," by James and Sanford. Mr. James is professor of history in the Northwestern University. Mr. Sanford, the other author, is professor of history in La Crosse, (Wis) State Normal school.

In the preface on page 6, the authors acknowledge indebtedness to ten other distinguished Northern professors and doctors in various institutions in Minnesota, Wisconsin and Illinois. The entire atmosphere is Northern; not a Southern influence is visible anywhere.

In the matter of references, the favorite books referred to are Whittier's "Anti-Slavery Poems," Dodge's "Birds Eye View of the Civil War," Roosevelt's "Winning of the West," Roosevelt's Naval History of the War of 1812, "Uncle Tom's Cabin," and Thomas Wentworth Higginson's "Cheerful Yesterdays." Higginson was a close, personal friend of John Brown.

On page 43 we are introduced to the introduction of slavery into Virginia in 1619, by the following sentence: "The same year there was brought to Virginia a cargo of slaves." It does not state that they were brought by the Dutch, and it does not state that the cargo consisted of only twenty. No comment is made in the book that the first slave-ship built in the United States was constructed at Marblehead, Massachusetts, in 1836, in the same state and in the same year with the found-
